Rauda Suraj

Front End Developer

PROFILE SUMMARY

Hello! I'm Suraj Rauda, a passionate Front-End Developer with 3.5 years of hands-on experience in building dynamic and user-friendly web applications. I specialize in creating seamless user experiences with JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap, and more. My expertise extends to API integration, SCSS, CSS, GitHub, Framer Motion, Redux, Chakra UI, React Hook Form, Formik, jQuery, Git, Axios, and other modern web technologies. With a keen eye for detail and a problem-solving mindset, I strive to develop high-performance, scalable, and visually appealing applications.

Projects

184 Days

MilesForce (CRM)

Integrated features for lead tracking, enrollment management, and performance analytics to enhance educational services. Designed a modern and responsive UI with Tailwind CSS for optimal usability across devices. Utilized Next.js for a fast and scalable architecture, ensuring seamless user experience

412 Days

Canvassing app

It's a Voting App. Using ReactJS, Tailwind CSS, Axios. it's offline first app. if there is no network in the area then application should run in Offline also. So the main feature of this application is Offline First Feature. my work is to Design Component and Pages as per figma. And Integrate REST APIs accordingly.

718 Days

Push Analytics Aadmi pannel

Push-Analytics Market is a Admin panel. Worked as a Front End Developer in this project at TRooinbound Pvt. Ltd. Used Reactjs, React-Bootstrap, Formic and Rechart to build this project.

808 Days
